

Wysetek successfully implemented Amazon S3 and AWS IAM for Luggage Manufacturing Company

Company Overview –

The customer is India's largest luggage manufacturing company which manufactures luggage and travel accessories. It is based in Mumbai, India and is the world's second-largest and Asia's largest luggage maker. The company has more than 8,000 retail outlets across India and a network of retailers in 50 countries.

Business Requirement

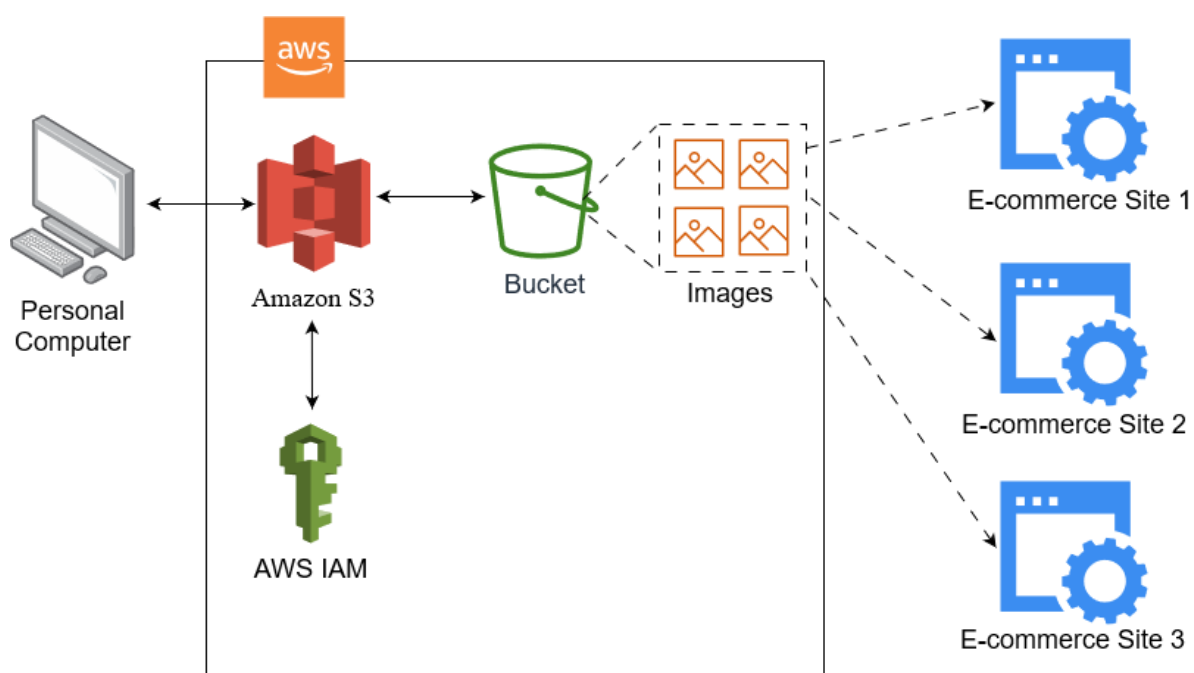

- Storage : The customer is looking for Storage to share images publically.
- Security : Data must be read-only access for external world.
- Management and Cost : Lower acquisition cost and Ease of management.

Challenges:

- Higher cost of Physical Hardware at On-prem Site.
- Setup and Management of Physical Hardware at On-prem Site.
- Disaster at the Primary site leads to loss of business revenue.

Solution:

- ✓ Amazon S3 as a storage to share images with e-commerce sites.
- ✓ AWS IAM to restrict permissions on Amazon S3 bucket.
- ✓ Utilization of Amazon S3 leading to lower cost of acquisition.

Note: Personal Computer is used to upload images in Amazon S3 bucket.

Benefits:

Implementing a Amazon S3 for sharing public URLs with e-commerce websites helped the customer to achieve Business requirements while overcoming challenges.

- ✓ Amazon S3 bucket solution which has lower TCO compare to on-prem storage.
- ✓ AWS IAM is used to provide restricted rights for Amazon S3 bucket.

Success: - The Customer is now able to share the public URLs of the images uploaded in Amazon S3 bucket with their associated e-commerce sites.
